

19 September 2011, after school (3.10pm)

Opening the Heart of Jericho

Artist Clare Cochrane talks about her Jericho community project – and invites you to get involved!

On 1 October 2011 Clare will host a community conversation event for all those who love Jericho, at St Barnabas Church. There will also be a short film made with ladies who used to live at Grantham House, a chance to write a postcard to the future residents of Jericho, and the opportunity to design and decorate your dream community building.

This event is the culmination of a summer of research by Clare into the history of Grantham House, its former residents, and a forgotten local poet.

Come and hear Clare tell the stories she's uncovered through her research, and introduce you to the history on your doorstep!
